Questions to be Discussed:

- 1. What do you feel are the Strengths of All Saints Parish?***
- 2. What are the Weaknesses / Areas of Improvement at our parish?***
- 3. What are some of the Opportunities you see for our parish?***
- 4. What are some of the Threats facing our parish?***
- 5. Do you feel our Parish is a good spiritual home for Newcomers and/or various ethnic groups?***
- 6. Without considering the challenges, what is one change you would make to benefit the evangelizing mission of our parish?***

How to Facilitate the Discussion:

- Each person is invited to respond with their feedback to each question. In order to maintain an orderly flow to the discussion, as soon as one person has shared their feedback, the next person should immediately begin. This pattern continues until everyone in the group has shared. The purpose is to hear everyone's individual feedback, not have a group discussion.*
- The designated recorder will write down summary responses to each question. Please use additional pages if needed.*
- No names are attributed to any individual's feedback. Everyone should feel free to speak freely and honestly. Things shared at the discussion should remain at the discussion.*
- Please Email or drop off the completed report as soon as possible to the parish office. If any specific or sensitive needs come up in the course of the discussion, please record these in a private sealed envelope for Fr. Chris to review in confidential privacy.*
